Are you sick of agonising over what to give that someone special in your life?

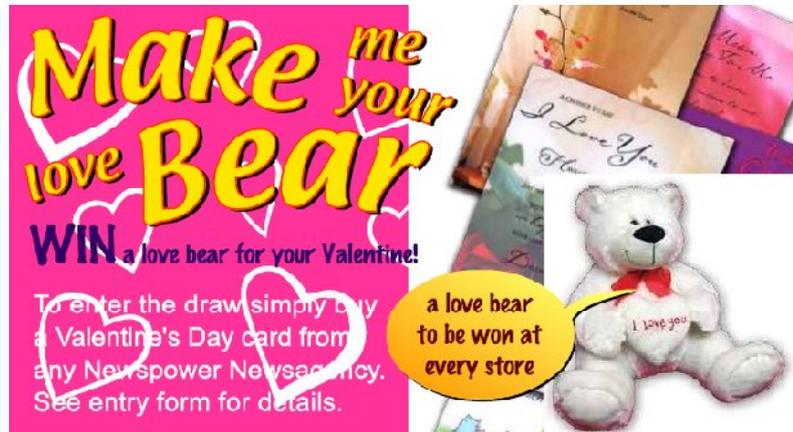

Cardplai is a new Australian concept that allows you to buy a card and 10 CD quality music downloads from a huge library of songs.

You can choose the songs or the recipient can download the songs of their choice.

This also overcomes that issue of sending money in the mail to the grand kids. Send them a voucher for 10 songs to download to their MP3 player.

See the enclosed flyer for more information.

ATM Fees

Give us a call on 1300 ATM MAN (1300 286 626)

The installation of an ATM has proved very popular, especially as no such facility exists in the Griffith Shops.

After a slow start there has been a significant increase in the number of people using the machine, representing all age groups.

Many people will be wondering what will happen when the government deregulates the ATM industry. Following close discussions with CashPoint ATM, the owners of the machine, we have decided to keep

our transaction charge as it currently is - \$2. Many other ATM's will charge significantly greater fees as they can now be set by the owner of the machine and the facility housing it.

I feel that it is important to maintain this service in the Griffith community at a cost that is reasonable for all customers.

Please remember that there is still a \$200 maximum/transaction.

Back to School

Our current Back to School sale continues until 14 February. This gives your kids a chance to get back to school and see what they really need.

Many great 'specials' are available. You will be surprised just how cheap many products are, even when not on special.
